## TESTIMONIALS

### Stories To Be Read

After being diagnosed with an autoimmune condition, I landed at Ritu's doorstep through a dear friend's reference. Was it serendipity or destiny, either way I just don't know, but of this I am absolutely certain; meeting Ritu was the turning point of my life. In my meeting with Ritu, I not only came alive again, I came to explore the hidden infinite powers in my mind. Suddenly the chronic health challenge facing me seemed so small. Many wonderful transformations have ensued, far too many to recount. The

best part worth describing is that she has the uncanny ability in her to offer perspective on any challenge of life. She is an inspiration to many and I have benefited so much from my meetings with her. I can't thank her enough for the kick start that she offered me in spiritual pursuit. I wish her well and hope she continues her good work of helping people in need.
